Nipawin Bible College

About Us

The core purpose of Nipawin Bible College is developing passionate followers of Jesus Christ with a heart to serve. Our approach is an overall and academic curriculum that is biblically focused, designed for spiritual growth and discipleship. Students learn and grow in a close and caring community in which they are instructed, encouraged and challenged in their walk with God.

Nipawin Bible College was born as a result of the prayerful and burdened vision of a group of Christian men from Tisdale, Saskatchewan in 1934. Their desire was to begin an evangelical and interdenominational Bible training centre in northeastern Saskatchewan which would equip young men and women for Christian ministry.

The school was first situated at the junction of the Carrot and Leather Rivers, and was named 'Two Rivers Bible Institute'. God prospered the humble beginnings of this venture of faith and within the next twenty years, twenty-eight of the graduates had entered a full-time missionary career. In the mid-fifties, repeated spring flooding of the campus forced the school to relocate to its present 135 acre site just south of Nipawin. It was also renamed 'Nipawin Bible Institute.'

God has continued to bless the work He began and the College carries a rich heritage of deep spiritual convictions and standards which continue to characterize its ministry. The original goals and visions have not been lost. NBC continues to train Christian men and women for God's service

We value the Bible

God's Word is completely reliable and relevant in a world that is seeking answers. It is the final authority for life and the key to spiritual growth and effectiveness.

We value spiritual growth

We seek to know and love God, and seek to develop integrity of character, a sincere dedication to Christ, and a life of prayer.

We value equipping

Our goal is to equip people for humble and dedicated service for Christ by developing their spiritual gifts, and their minds for biblical thinking and discernment, through a balance of knowledge and practical experience.

We value the community of believers

Each individual should experience genuine relationship, grace, respect, compassion and development as a part of the Body of Christ.

We value strategic partnership

We seek to cooperate and integrate with the ministry of the local church, and other ministries whose goal is fulfilling the Great Commission.

We value evangelism & missions

We seek to cultivate compassion for the lost in an educational context that actively incorporates sharing the gospel, in both local and global contexts.
